III. A. AGENCY DESCRIPTION: Please describe below.

We are a large community mental health center in existence for 35 years, with multiple programs you can get involved in. SES ranges over a wide spectrum from very low to affluent. We have school-based and in-house programs. School-based services include individual, group, and psycho-educational interventions. In-house services include assessment, short and long-term psychotherapy for adults with problems ranging from acute crises to long-term issues. Individual, couple, family, and group therapy are offered. Our orientation is integrative, with supervisory staff highly trained and experienced in CBT, psychodynamic, narrative, art therapy, play therapy, gestalt, and other modalities. Supervision consists of intensive observation of your work by means of audiotape, videotape, one-way mirror observation. The goal of supervision is to help you add to your therapy tool box, while integrating what you have learned cognitively into your own style as a therapist, drawing on your own special strengths. We also have a research program, and students can get involved in this. Contact Stewart Kiritz (650) 387-6120 for more details and to apply.

B. Staff Cultural & Language Diversity
 Please Describe: Our staff of 22 includes 4 bilingual staff Spanish/English.

C. Languages Desired: English, Spanish

Will supervision be available in those languages? At this time supervision only in English, however, we expect to have a Spanish-speaking supervisor within the next 6 months.
