Melton, G. B. (1997) *Psychological Evaluation for the Courts: A Handbook for Mental Health Professionals and Lawyers*. Guilford Press. ISBN: 1572302364. [A book you will find useful in many courses in this program]

**Course Description** This is an introductory survey course exploring the theories and principles of forensic psychological assessment and approaches to the treatment of offender populations.

The assessment component will cover psychological testing and measurement and will investigate a spectrum of standardized tests: intelligence, personality, and achievement, and interest/career, neuropsychological and projective. There will be an emphasis on the competent, appropriate, and fair use of these instruments, the ethics of their use, and the integration of test results with the overall assessment and treatment planning for offenders and other forensic mental health populations.

The treatment component of the course will review and critique major therapeutic and counseling interventions (individual, group, family, residential) with adult and juvenile offenders within criminal justice, correctional, and community settings. Treatment of special offender populations will be covered

**Pre-requisite Knowledge or Courses:** Basic computer and word processing skills.

**Program Outcomes:**

- **Outcome # 1: Psychological Theory and Practice**
  - Apply theoretical concepts and methodological approaches of psychology to the practice of forensic psychology
- **Outcome #2: Legal Theory and Application**
  - Apply theories related to the interaction between the criminal and civil legal systems and psychology.
- **Outcome # 3: Research and Evaluation**
  - Critically evaluate the existing literature and body of knowledge in assessment, evaluation, and research methods in forensic psychology
- **Outcome # 4: Leadership, Consultation, and Ethics**
  - Use leadership, consultative, and ethical knowledge, skills and attitudes to succeed in the practice of forensic psychology
- **Outcome # 5: Interpersonal Effectiveness**
  - Achieve personal development and demonstrate positive relationship skills via effective communication, respect for others, and awareness of their impact on others.

**Course Objectives:** Upon satisfactory completion of Evaluation and Treatment of the Offender (FP6035) students will have accomplished the following:

1. An ability to critically evaluate existing literature and research in assessment and treatment of forensic populations.

2. A sophisticated understanding the range and types of psychological assessment instruments utilized in forensic settings

## **Library**

*All resources in Argosy University's online collection are available through the Internet. The campus librarian will provide students with links, user IDs, and passwords.*

Library Resources: Argosy University's core online collection features nearly 21,000 full-text journals and 23,000 electronic books and other content covering all academic subject areas including Business & Economics, Career & General Education, Computers, Engineering & Applied Science, Humanities, Science, Medicine & Allied Health, and Social & Behavior Sciences. Many titles are directly accessible through the Online Public Access Catalog at <http://library.argosy.edu>. Detailed descriptions of online resources are located at <http://library.argosy.edu/misc/onlinedblist.html>.

In addition to online resources, Argosy University's onsite collections contain a wealth of subject-specific research materials searchable in the Online Public Access Catalog. Catalog searching is easily limited to individual campus collections. Alternatively, students can search combined collections of all Argosy University Libraries. Students are encouraged to seek research and reference assistance from campus librarians.

Information Literacy: Argosy University's Information Literacy Tutorial was developed to teach students fundamental and transferable research skills. The tutorial consists of five modules where students learn to select sources appropriate for academic-level research, search periodical indexes and search engines, and evaluate and cite information. In the tutorial, students study concepts and practice them through interactions. At the conclusion of each module, they can test their comprehension and receive immediate feedback. Each module takes less than 20 minutes to complete. Please view the tutorial at <http://library.argosy.edu/infolit/>

## **Academic Policies**

Academic Dishonesty/Plagiarism: In an effort to foster a spirit of honesty and integrity during the learning process, Argosy University requires that the submission of all course assignments represent the original work produced by that student. All sources must be documented through normal scholarly references/citations and all work must be submitted using the *Publication Manual of the American Psychological Association, 5<sup>th</sup> Edition (2001)*. Washington DC: American Psychological Association (APA) format. Please refer to Appendix A in the *Publication Manual of the American Psychological Association, 5<sup>th</sup> Edition* for thesis and paper format. Students are encouraged to purchase this manual (required in some courses) and become familiar with its content as well as consult the Argosy University catalog for further information regarding academic dishonesty and plagiarism.

Scholarly writing: The faculty at Argosy University is dedicated to providing a learning environment that supports scholarly and ethical writing, free from academic dishonesty and plagiarism. This includes the proper and appropriate referencing of all sources. You may be asked to submit your course assignments through "Turnitin," ([www.turnitin.com](http://www.turnitin.com)), an online resource established to help educators develop writing/research skills and detect potential cases of academic dishonesty. Turnitin compares submitted papers to billions of pages of content and provides a comparison report to your instructor. This comparison detects papers that share common information and duplicative language.

## **Americans with Disabilities Act Policy**

It is the policy of Argosy University to make reasonable accommodations for qualified students with disabilities, in accordance with the Americans with Disabilities Act (ADA). If a student with disabilities needs accommodations, the student must notify the Director of Student Services.

Procedures for documenting student disability and the development of reasonable accommodations will be provided to the student upon request.

Students will be notified by the Director of Student Services when each request for accommodation is approved or denied in writing via a designated form. To receive accommodation in class, it is the student's responsibility to present the form (at his or her discretion) to the instructor. In an effort to protect student privacy, the Department of Student Services will not discuss the accommodation needs of any student with instructors. Faculty may not make accommodations for individuals who have not been approved in this manner.

**The Argosy University Statement Regarding Diversity**

Argosy University prepares students to serve populations with diverse social, ethnic, economic, and educational experiences. Both the academic and training curricula are designed to provide an environment in which students can develop the skills and attitudes essential to working with people from a wide range of backgrounds.
